

# PADEL BUILD UK

British Quality Padel Courts  
*Built To Last - Priced To Compete*

# About us

---

At Padel Build UK Ltd, we have over two decades of experience in designing, manufacturing and installing high security steel infrastructure. Utilising our expertise in precision engineering and a passion for sport, we now manufacture high-quality padel courts, proudly built in the UK.

Our deep-rooted expertise ensures every court we produce meets the highest standards of craftsmanship, durability, and performance. We're committed to delivering outstanding value, offering competitively priced courts without compromising on quality.

With a streamlined production process, we can deliver supply-only courts, complete with custom colour options, in as little as two weeks. For clients seeking a full-service solution, we also offer UK-based professional installation and groundworks, ensuring your project is delivered efficiently and ready for play.

At Padel Build UK, we don't just build courts, we build lasting partnerships through quality, reliability, and service you can trust.

# Why choose us?

---

We specialise in UK-manufactured padel courts designed for lasting performance and exceptional value.

Whether you're a private buyer, commercial developer, or club owner, our courts offer fast lead times, precision engineering, and long-term durability.

Built to withstand the British climate, every court has our high corrosion-resistance finish and expert craftsmanship.

From initial enquiry to final installation, we deliver a seamless, professional service tailored to your needs.

# Why choose

## QUALITY

Precision-built for exceptional durability, structural integrity and longevity. Built to last and designed to perform.

## UK MANUFACTURE

Our padel courts are proudly manufactured in North Lincolnshire, ensuring top-tier craftsmanship and strict quality control.

## LEAD TIMES

Fast-track your project with our industry-leading lead times.

## CORROSION RESISTANCE

Built to withstand the British elements, our padel courts feature hot-dip galvanizing and a zinc-rich primer for lasting durability and superior protection.

## VALUE

Get premium Padel court quality at a competitive price. We deliver durable, high-performance courts at an unbeatable value, making top-tier Padel accessible.

# Panoramic court

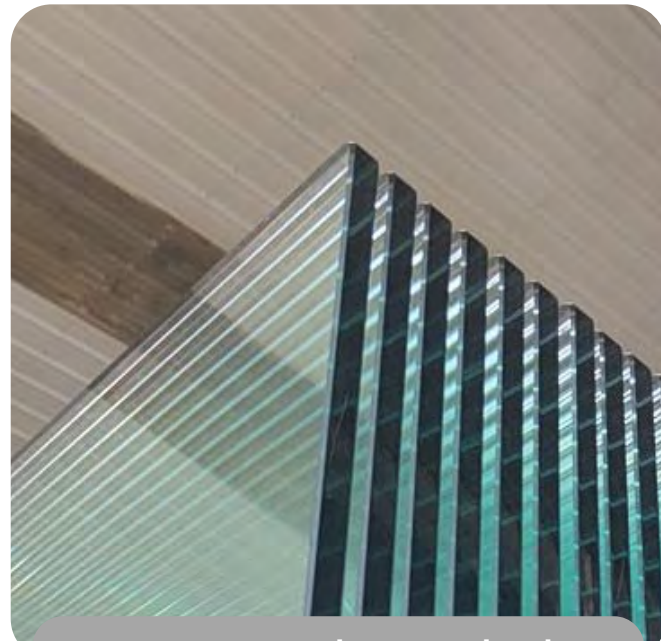

---

Our flagship panoramic court combines exceptional quality with stunning aesthetics and outstanding visibility. Built for durability and performance, it offers a premium playing experience at a competitive price.

Available in both single and double formats, with custom colour options to suit your style or setting.

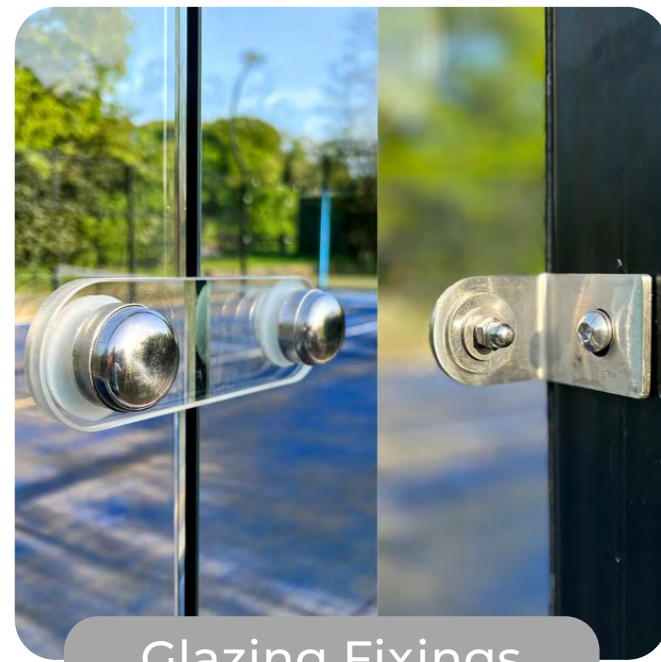

# Court Features

12 mm toughened glass

- Enhanced safety
- Impact resistant
- Greater Structural Stability
- Consistent ball rebound
- Less vibration and reduced noise
- More professional playing experience

Glazing Fixings

10 fixings per pane of glass for increased rigidity. Stainless steel brackets, for the ultimate in corrosion resistance, coupled with domed nuts and caps to create clean professional aesthetics.

Steel Structure

3mm cold rolled box section, additional corner strengtheners and 10mm anchor plates, for optimum strength and structural stability

Anchor Bolts

16mm diameter stainless anchor bolts  
The UK experiences all weather conditions, we take no risk and ensure your court is anchored securely to the floor

# Customise

---

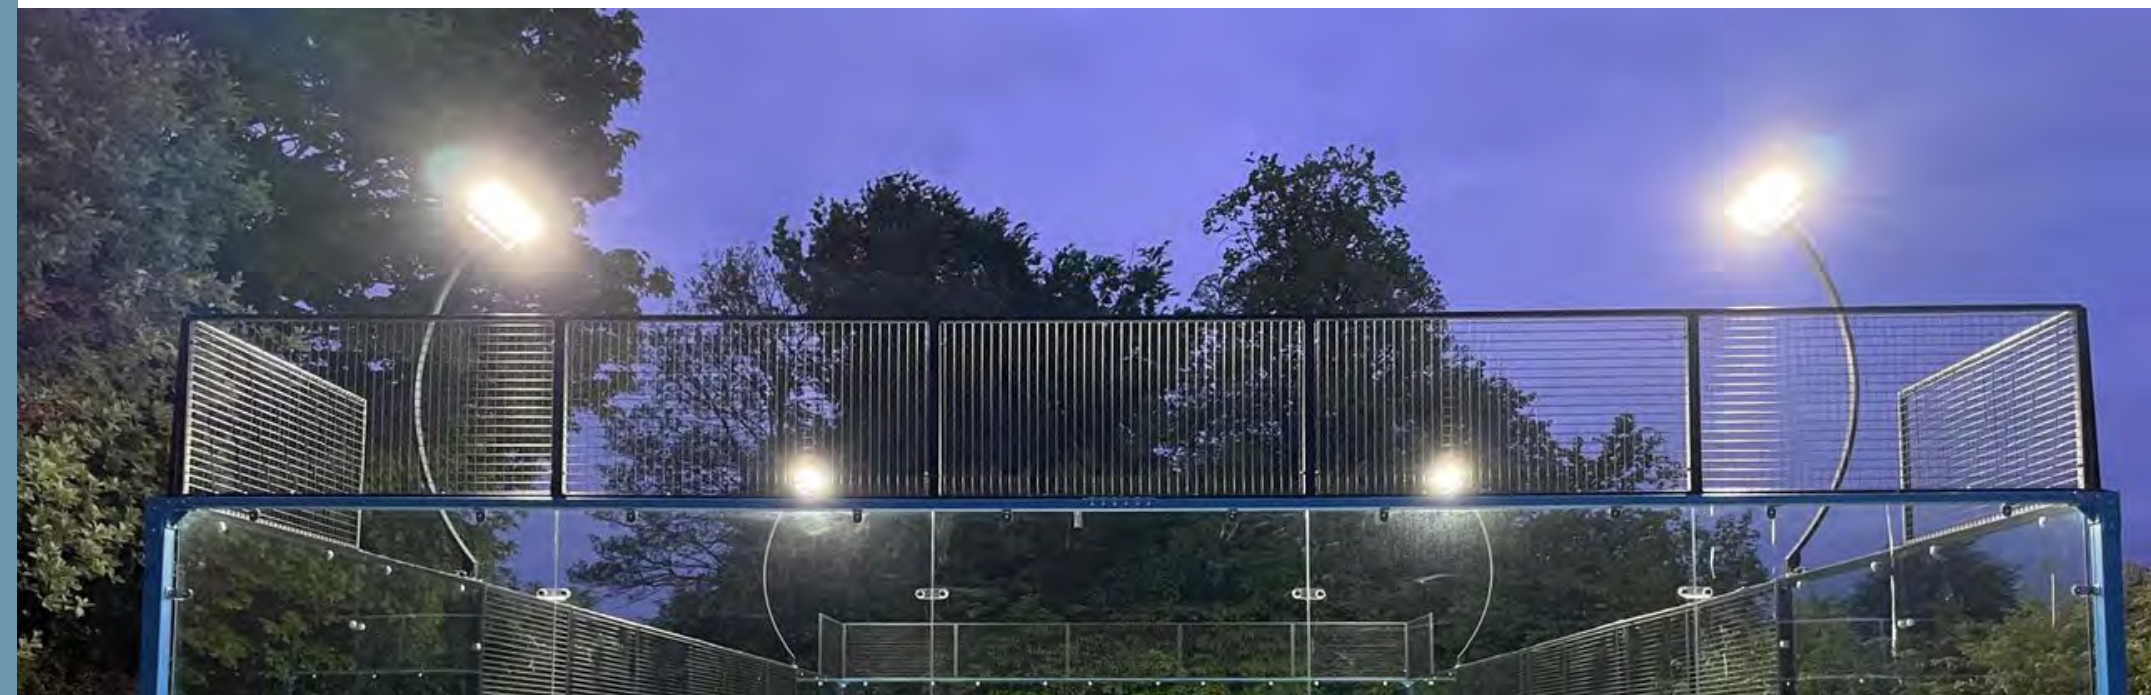

Make your court truly your own by selecting custom colours that suit your style, brand identity, or natural surroundings.

Whether you prefer bold, eye-catching tones or a more subtle, nature-inspired palette, our custom colour options allow you to create a unique look that sets your court apart. Personalising your padel court not only enhances visual appeal but also adds a professional, cohesive touch, whether for private homes, clubs, or commercial venues.

# Lighting

---

Extend play into the evening with our premium lighting system, featuring 8 sets of high-performance 200 watt IP67 LED lights, mounted on elegantly curved light posts that enhance the courts aesthetics, while keeping the lights outside the playing area to prevent ball interference.

# Installation

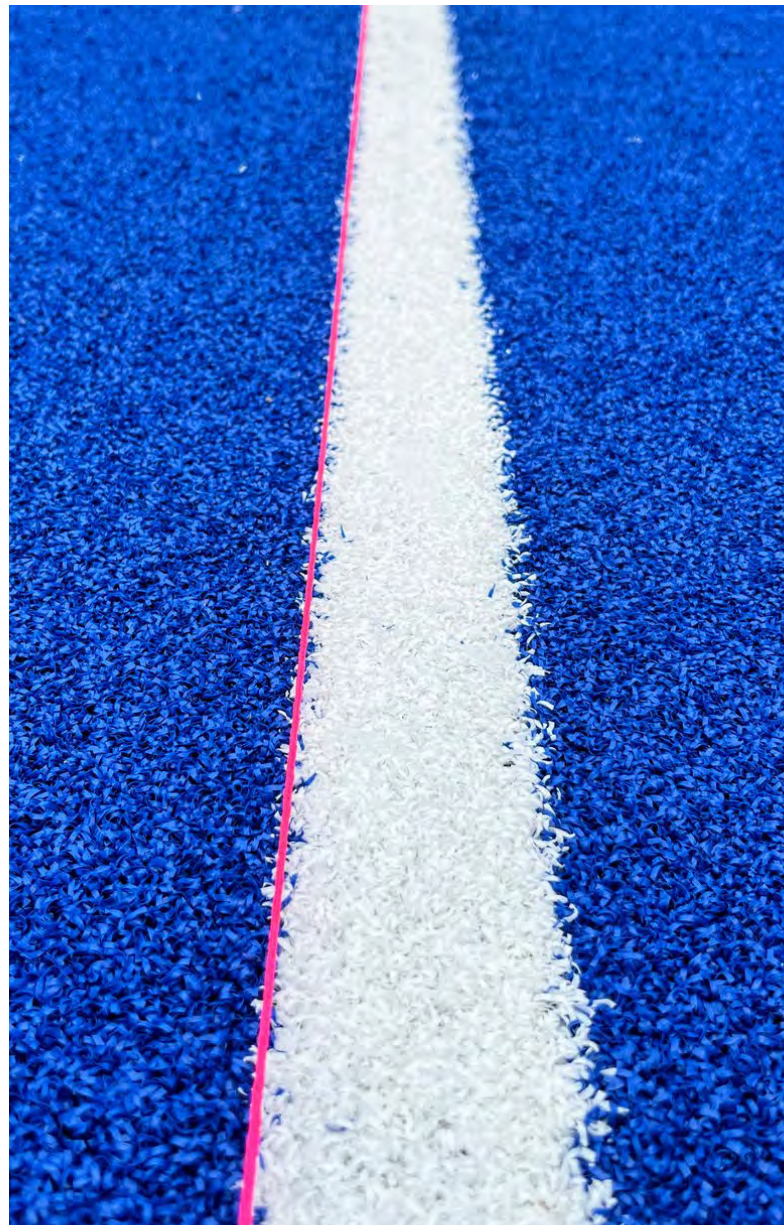

---

At Padel Build, we pride ourselves on delivering exceptional padel court installations tailored to each client's needs. From initial site survey to final turf infill, our experienced team handles every step with precision, professionalism, and care.

Whether you're converting an existing space or starting from a greenfield site, we ensure a smooth and efficient process, using high-quality materials and expert craftsmanship throughout.

Our courts are built to meet official standards, with thoughtful touches like discreet, impact-free lighting and premium finishes that set us apart. With Padel Build, you're not just getting a court, you're getting a complete, ready-to-play padel experience.

# Playing Turf

---

We offer high-performance texturized monofilament synthetic turf with a standard specification of 9,500 Dtex, delivering exceptional durability and consistent play quality.

For facilities seeking enhanced resilience and a superior playing experience, our premium 11,500 Dtex texturized monofilament turf is available, ideal for high-intensity use and professional-level performance.

The white lines are built in for ease of installation and longevity. The turf is filled with high-purity silica sand with optimal grain size for perfect bounce, grip, and durability.

# Ground works

---

At Padel Build, our groundworks are engineered for long-lasting strength and stability. We construct a minimum 500mm x 500mm reinforced concrete ring beam, incorporating a 12mm rebar caging system to deliver optimum structural integrity.

Whether we're building on an existing surface or preparing a new foundation,, every step is carried out with precision to ensure a solid, level base that will support your padel court for years to come. Our groundworks not only meet industry standards, they exceed them, forming the critical foundation of a premium-quality court.

# Dealership

---

## Partner with Padel Build UK

If you're interested in becoming an authorised Padel Build UK dealer, we'd love to hear from you. Our courts combine quality, value, and rapid lead times, giving you a strong competitive advantage in a booming industry.

As an authorised dealer, you'll benefit from:

- Attractive profit margins
- Exclusive access to our UK-manufactured courts
- Installation and technical support
- A product that gives your business a competitive edge

We're actively seeking partners who want to grow with us in the fast-expanding world of padel.

Let's build something great together. Get in touch today to learn more about our dealer opportunities via [Sales@padelbuilduk.com](mailto:Sales@padelbuilduk.com)
